

# **Journal of Smart Processing**

*Vol. 12 No. 1* 2023 (January 2023)

## CONTENTS

Initiatives and Development Toward the Realization of  
Carbon Neutral Society Using New Solid Bioenergy Technology

**S.P.S. Announcement**..... N1

Preface Manabu TANAKA.....1

### Preface of Reviews

Initiatives and Development Toward the Realization of  
Carbon Neutral Society Using New Solid Bioenergy Technology  
Tamio IDA.....3

### Reviews

Research and Development Trends in Biocoke:  
New Solid Biofuel for Realizing a Carbon-Neutral Society  
Tamio IDA, Yoshihiro TOMITA, Satoru MIZUNO and Nami KANADA.....5

Properties and Challenges of Thermally Treated Biomass by Dry and Wet Torrefaction  
Toru SAWAI.....13

Tackling to the Carbon-Neutral Society by Innovative Solid Biofuel with Arc Furnace  
Nobuo OKI.....19

Current Status of Biomass Utilization in the Agricultural Sector and the Use of Bio-Coke  
Kosuke SHIMIZU and Tamio IDA.....24

### Research Papers

Application of Zero-Emission Initiative Using Biocoke Technology in Horokanai Town  
Takeru YAJIMA, Yoshinori KIYOHARA, Osamu AKI,  
Shinya NISHIYAMA, Nami KANADA and Tamio IDA.....30

Research on Clinker Properties Improvement of Small-Diameter Biocoke and  
Effective Utilization of Biomass Combustion Ash  
Atsuhiko KAWAMURA, Toshiji MIMORI, Satoru MIZUNO and Tamio IDA.....38

Impact of Biocoke Utilization on the Cupola Furnace Operation and  
its Effect of CO<sub>2</sub> Reduction  
Kei OTA, Shimpei TSUTSUMI and Tamio IDA.....46

**S.P.S. News**..... N6
