

Journal of Smart Processing
Vol. 13 No. 1 2024 (January 2024)

CONTENTS

Plasma Processes for Contribution to Carbon Neutrality

S.P.S. Announcement N1

Preface Manabu TANAKA.....1

Preface of Feature Article

Plasma Processes for Contribution to Carbon Neutrality
Kosuke TAKENAKA.....2

Feature Articles

Review Articles

High Throughput Production of Structured Nanomaterials for Next Generation
High Density Lithium-Ion Batteries by Plasma Spray
Makoto KAMBARA and Ryoshi OHTA.....4

Control of Ge Nanoporous Films by Using High-Pressure Plasma Sputtering and
Their Application for Li Ion Batteries
Giichiro UCHIDA.....13

Hydrogen Production via Thermal Plasma Processing
Manabu TANAKA and Takayuki WATANABE.....18

High Performance Permanent Magnet Materials Prepared by Induction Thermal Plasma Process
Yusuke HIRAYAMA and Masaya SHIGETA.....23

Regular Reseach Article

Fundamental Study of Carbon Dioxide Reduction Reaction with Plasma Catalysis
Susumu TOKO, Takamasa OKUMURA, Kunihiro KAMATAKI,
Kosuke TAKENAKA, Kazunori KOGA, Masaharu SHIRATANI and
Yuichi SETSUHARA.....31
