

Journal of Smart Processing
Vol. 14 No. 1 2025 (January 2025)

CONTENTS

Research and Development that Supports the Utilization of Solid Biomass, Creating a Foundation for the Green Transformation

S.P.S. Announcement N1

Preface

Manabu TANAKA.....1

Preface of Feature Article

Research and Development that Supports the Utilization of Solid Biomass,
Creating a Foundation for the Green Transformation

Tamio IDA.....2

Feature Articles

Review Articles

Institution of JBSA: the Current Situation and Issues of ISO/TC238

Tamio IDA, Toru SAWAI, Toshihiko OKAMOTO, Ken-ichiro KOJIMA

Yasuyuki MURAKAMI, Masanobu TAKE, Masahiro YAMADA

Yasunori KIKUI and Minoru SHIMOTORI.....4

Carbon Dioxide Removal by Farmland Carbon Storage through Biochar and
Its Social Implementation

Akira SHIBATA.....12

Current Initiatives and Developments of Solid Biofuel Utilization for Arc Furnace

Tamio IDA.....19

Regular Research Article

Carburization Effect of Cedar and Coffee Grounds Blended Bio-coke
in the Melting Process of Cast Iron

Yoshihiro TOMITA and Kou MORIMOTO.....25

Estimation of Available Bamboo Biomass Resources Using GIS

Nami KANADA, Akio INOUE, Tomo KASHIWABARA

Yusuke SAKATA and Tamio IDA.....30

Domestic Information Article

Experiential Learning Initiatives Using Bio-coke:

~ Promoting the Awareness that 'Clothing = Resource' ~

Shinko KUMAGAI, Satoshi OKABAYASHI, Toshiki SONO and Tamio IDA.....35

Bio-Coke Made from Familiar Materials

Saeka AKASAKI, Riku SHIMIZU, Issa HARUOKA,

Yuto MAEDA and Chie FURUKAWA39

Special Report

Potential for Decarbonization with Next Generation Biomass Solid Fuels (Black Pellets)

Naoki KAWAMOTO.....43
